

Circular: 2017-2018/01

Dated 02/04/2017

Dear Residents,

Reference to last GBM held on 19th Feb, 2017 and MOM Dated 20/03/2017 (which was circulated through Notice board), attendees of the GBM approved by ballot papers for next level exercise on following items / requirements –

1. Repairing & maintenance of water distribution pipelines
2. Painting and Repairing of society
3. Change of Telephone Exchange

In view of the above, AGRWA decided to start working on each items. Based upon priority and coming summer season, AGRWA decided to initiate immediate action on “repairing & maintenance of water distribution pipelines”.

As a part of this initiation AGRWA will appoint committee of experienced members / persons (who has experience in this field) from our society, to take this initiative forward. The appointed committee will discuss this requirement in details and may work on following model -

1. Discussion on this requirement in detail and finalize scope of work, to move forward
2. After finalization of scope of work, a consultant (person / agency) to conduct the survey of existing water distribution line and provide the economical solution / options, to get smooth supply of water for each apartment.
3. Based upon the approved solution, committee will invite the tender for the pre-qualification and commercial proposals from reputed vendors. After evaluation of the bids, committee will decide to award the job to capable agency, to complete the job within agreed timelines.

In view of the above, AGRWA request residents, with technical expertise in this field, may come forward to help in the implementation of the project as members of the proposed committee. Interested persons may submit their name to the AGRWA Office in writing by 20th April, 2017 to form the committee.

In this regard, Mr. Shailendra Gupta and Mr. Xavier S Gomes will represent the AGRWA and assist to form the committee to take this initiative forward along with appointed committee members, to implement the plan and ensure smooth and uninterrupted water supply to each apartment.

Best Regards,
for AGRWA Office
